4-in-1 LED Metre Cable

Charge all of your devices with the 4-in-1 LED Metre Cable! This durable braided cable supports charging for products compatible with Lightning, Type-C and Micro-USB connection. This cable can also support Type-C to Type-C charging, thanks to the removable USB-A adapter at the opposite end of the cable- simply pull the USB to reveal Type-C.

The 4-in-1 cable has clear branding on a circular pad that can be illuminated when plugged into a power source. During the charging process, your logo will glow and will only turn off once disconnected from power. With an impressive 1.2 Metre cable length, this 4-in-1 cable is the perfect illuminated promotional product.
