

# MILI PHONE PURE

The MiLi Phone Pure makes it easier to disinfect personal items that are frequently handled throughout your day. As studies have shown, items such as smart phones may harbour 10-18 times more bacteria than even a toilet. The Phone Pure can sterilize practically anything that you can fit into it – mobile devices, bills, loose change, car keys, house keys, credit cards, eye wear, watches, jewellery and so much more- whatever you can think of, the Phone Pure can take care of in a matter of minutes. Boasting large print areas on the front and back of the pouch, you can stay branded and equipped to take care of bacteria wherever you go.

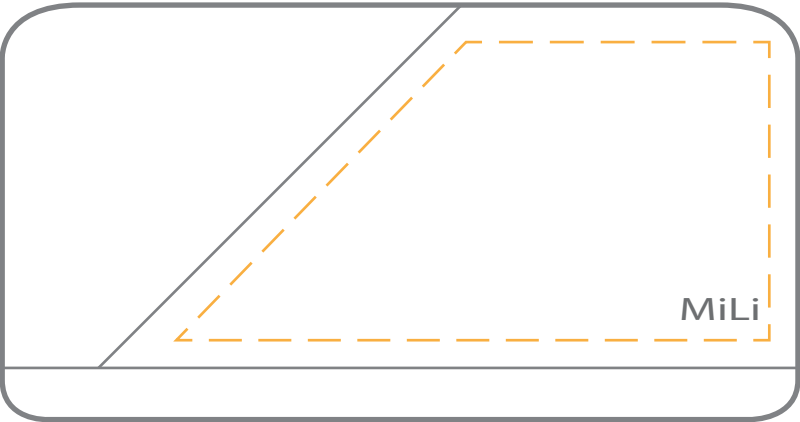

- ✓ Connect to powerbank- place item inside the pouch- zip up and begin UV sterilisation
- ✓ Complete UVA+UVC dual-wavelength sterilisation in just 5 minutes
- ✓ Small and lightweight, perfect for cleaning on the go
- ✓ Full colour and Spot colour branding
