

THE NEW POWERBANK RANGE

The exciting new Powerbank range offers you a great selection of styles and branding options. Powerbanks are set to probably become one of the fastest growing promotional gift ranges since the USB. These models have a capacity of 2200 mAh which means that they are capable of providing a full charge to most smart phones. They are supplied in stylish packaging and come with a micro USB cable.

INTRODUCING THE NEW SMART POWER --- TOWER

The Smart Power Tower is an executive style powerbank with a function button, working indicator light and built in intelligent over charge and discharge protection. The Smart Power Tower is suitable for charging mobile phones, MP3/4 players, digital cameras and portable gaming devices. The Tower's aluminium finish is an ideal surface for laser engraving but spot colour printing options are also available.

ALSO AVAILABLE IN THE SMART POWERBANK RANGE

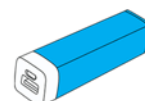

SMART POWER | *Candy*
